⑨ Prof. R.K. Dhabale

- ① Due to Covid pandemic all the teaching process is going in online mode. As the teaching is done through whatsapp group by concerning subject teachers due to internet connectivity problem there are various problems occurred by the students and teachers. It is suggested in the meeting to solve the problems of

students via phone calls if any student call any teacher at any time because it is our primary duty. Also the university exams would be held in online mode, so the teachers should help students for appearing for online examination at their level. All the members agreed.

② As suggested in previous meeting all the teachers of each department should engage themselves in quality research and publish research papers in reputed journals. This will help their academic progress and for their promotions under CAS. This year some good papers were published in reputed journal. It is suggested to publish more papers. All the members agreed.

③ As per the information given by IQAC & Principal the NAAC accreditation of the institute ends on 26th Nov 2022 everyone should be prepared for next NAAC re-accreditation. All the heads of the departments are suggested to submit their departmental information to concerning criteria head so that they can prepare reports for the NAAC. All heads along with the teachers of their concerning departments are suggested for the preparation for NAAC accreditation. All the members agreed.

- ④ As department of Botany informed IQAC and principal about the organization of International Webinar on Plant Diversity: Past and present by their department scheduled on 30th September 2021. They already engage 02 International and 02 National resource persons for the webinar. All the heads are suggested for their technical support if needed during this webinar for its success. All the members agreed.

Following points were discussed in the meeting as per given agenda and resolutions were passed.

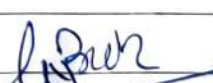

- ① As the covid-19 pandemic situation is under control university guided for conduction of offline physical teaching in the college. The teaching-learning committee have been informed to prepare for offline physical classes on regular basis. They are suggested to inform concerning teachers to contact with students and call them for regular offline classes in the classroom. All the members agreed.
- ② ~~As~~ the regular offline classes have been started the committee heads are suggested to inform concerning subject teachers to conduct bridge courses for the students. It is necessary because the students were away from actual teaching since last one and half year. It is expected to teach previous syllabus to the students of concerning semester for about ten to fifteen days as per requirement of the subject, so that they can become familiar with the previous syllabus which will work as a bridge between previous and current syllabus. All the members agreed.

②3 As the offline physical classes have been started to conduct university decided to conduct offline university examination as previously. But since last some semesters students have been attempted the online examination they are not aware about offline examinations. The Examination committee suggested to inform all the teachers to aware about the offline exam pattern to the students. It is expected that student should know the pattern of theory and practical examination, question paper pattern and how to write answers. It is a serious matter that could affect the results of the students so everyone should take it seriously. All the members agreed.

②4 The committee members are asked for the requirement of necessary facilities in the college for taking soft offline physical classes. It is noted that there are some essential requirements suggested by heads of the various committees. Principal of the college has assured all the heads of the committee that all the necessary facilities would be provided as earliest for smooth running of classes. There will be no obstacles during the teaching-learning process. All the members agreed.
